

Award Application Checklist

Student Name			Research Group	
Program		Year of Study	Research Field	
Legal Status			Current Major Scholarship	

Attach in the following order with the Award Application Checklist:

- most up-to-date curriculum vitae
- one-page summary of ongoing research (if applicable, this must effectively address the research area specific to the award)
- web-print out (unofficial copies) of all university transcripts including current record from [ACORN](#)
- [Scholarships Publications Summary form](#)
- other required document(s) specific to the award, if applicable
- letter of support from the research advisor (if applying for multiple awards, ONE letter from the supervisor will suffice)

Applicants may select more than one award, if eligible.

- Adrian Brook Graduate Scholarship in Organic Chemistry
 - statement of academic merit (demonstrate academic achievements and research abilities)
- Boehringer Ingelheim Award of Excellence in Organic or Bio-Organic Chemistry (OSOTF)
 - CV must list other scientific contributions
 - for publications with multiple authors, students must include an explanatory note detailing their contribution
- I confirm I am an Ontario resident and I meet one of the following criteria:
 - Student has always lived in Ontario (i.e. Ontario is the only Canadian province/territory that the student has lived in); or
 - Ontario is the last province in which student has lived for 12 months in a row without being a full-time postsecondary student; or
 - Student lives in Ontario now and has lived in Canada for less than 12 months in a row.
- [Financial Need Assessment Form](#)
- Marlene and Erich G. Polzin Scholarship in Chemistry
 - statement of academic merit (demonstrate academic achievements and research abilities)

GRADUATE STUDENT ENDOWMENT FUND

- Alex Harrison Award in Analytical Mass Spectrometry
 - one-page summary of ongoing research must address the research area specific to the award
 - statement of academic merit (demonstrate academic achievements and research abilities)
- Chemclub Graduate Scholarship
 - one-page personal statement documenting extracurricular, leadership and volunteer activities
 - the letter of support from the research supervisor must address the applicant's leadership attributes
- David H. Farrar Graduate Scholarship in Chemistry
 - one-page personal statement documenting leadership, volunteer activities and impact to the life of the University.

- the letter of support from the research supervisor must address the applicant's leadership attributes and contribution to the university

Jim Guillet Chemistry Graduate Scholarship

- the one-page statement of ongoing research must also demonstrate the potential significance of your research
- statement of academic merit (demonstrate academic achievements and research abilities)
- letter of support from the research supervisor must address the current project's potential significance

Ministry of the Environment Graduate Scholarship in the Department of Chemistry

- the one-page summary of ongoing research must address the research area specific to this award
- the letter of support from the research supervisor must address the research area specific to this award

PROVOST'S PhD ENHANCEMENT FUND

Anoush Khoshkish Graduate Research Scholarship in Chemistry

- summary of ongoing research on quantum entanglement, quantum dynamics of complex open systems or theoretical research in the area of quantum biology
- statement of academic merit (demonstrate academic achievements and research abilities)
- the letter of support from the research supervisor must address the research area specific to this award

ChemClub Chemistry Education Award

- one-page statement demonstrating engagement in the chemistry community through teaching excellence and community outreach
- the letter of support from the research supervisor must address the applicant's leadership attributes and contribution to the chemistry department

Irene R. Miller Scholarship in Chemistry

- summary of ongoing research in chemical physics
- statement of academic merit (demonstrate academic achievements and research abilities)
- the letter of support from the research supervisor must address the research area specific to this award

- I sent a request to my research advisor to submit a letter of support to appschem@utoronto.ca. If applying for multiple awards, ONE letter from the supervisor will suffice.
- I carefully reviewed my award(s) application and it is complete. There will be no follow-up emails from the Grad Office for my portion.
- Ready to submit my application as ONE PDF file to appschem@utoronto.ca using the file naming convention of Last name, First name_CHMAward023-2024.
