DEPARTMENT OF CHEMISTRY University of Toronto

Application to CHM395Y: Research Project in Chemistry

Applications to CHM395Y are typically made during March (for Summer semester projects) or July/August (for Fall-Winter semester projects). This is a fillable form. Please enter your information and sign your name before asking your potential supervisor to provide a description of the proposed research and sign the form.

Your potential supervisor must email the fully completed form to Professor Andy Dicks (Associate Chair, Undergraduate Studies): andrew.dicks@utoronto.ca

Student No.	Campus			Ct Coorgo	
		UTM	UTSc	St. George	
Mr. Given Names		Surname			
☐ Ms.					
Permanent Address		Summer A	Summer Address		
Tel. No.		Tel. No.			
Email address (ending in utoronto.ca)					
Program of Study (please select the one you are registered in)					
☐ Biological Chemistry ☐ Chemical Physics ☐ Chemistry Specialist					
Chemistry Major Other (please specify)
