

Natural Sciences and Engineering Research Council of Canada Undergraduate Summer Research Awards (NSERC USRA) – Application Form

Eligibility

- Minimum 'B' average; first-year students are excluded from this competition due to the challenges in confirming eligible cumulative averages before the awards are taken up;
- Registered as a full-time student in the natural sciences, and
- Be a Canadian citizen or permanent resident of Canada.

Application Package

Your application must include the following documents, submitted in pdf format. Do not submit any documents that are not listed below. Please submit the application package with the documents in the order listed below. An incomplete, or incorrectly completed application may be rejected.

1. Student Information (second page of this document)
2. Cover letter summarizing your academic achievements, special research interest, etc., addressed to:

Associate Chair of Undergraduate Studies
Department of Chemistry
University of Toronto
3. Résumé
4. An un-official copy of your transcript of records downloaded or printed from the web. UofT students may download a copy from ROSI/ACORN. Make sure that you select to print a copy with your name on it. An official transcript will be required only from students who are selected for the award.

Deadline

Please submit your application package no later than **January 31st** to the address listed at the top of this page.

note all students must email their application package to chem.undergrad@utoronto.ca. Please make sure that all documents emailed are in pdf format and are named in the following format: LASTNAME, First Name – NSERC USRA Application Summer 2023 – Cover Letter etc.

Applicants will be notified by email with the results of their application in late February, or early March.
